Salmon Bake

This year's Salmon bake will be on Wednesday, August 15th at Me-Kwa-Mooks park located at 4503 Beach Dr. SW, Seattle. We will start the deep fry at 6 PM and plan to serve dinner at 7 PM.

This year it will be potluck style, you bring the Salad, Dessert or Side Dishes and we will provide the Salmon, lemonade, plates, cups, plastic-ware and condiments. We will also have some deep fried food (fries and maybe some calamari). The cost this year will be \$5.00 per person, kids 12 and under are free.

We suggest you bring chairs for yourself and a folding table, if you happen to have one, as the park

only has 2 picnic tables. Parking is along the street see map on page 2.

Directions to the park: From I-5 exit to the West Seattle Bridge, proceed west on the West Seattle Bridge to SW Admiral Way exit, exit onto SW Admiral Way and continue west to 63rd Ave. SW (stop sign). Turn left onto 63rd Ave. SW and proceed south until the street ends at Beach Drive SW. Turn left onto Beach Dr SW and proceed one mile.

Remember there will be no club meeting August 1st. Hope to see you all at the Salmon Bake on Wednesday August 15th. †

2012 Shoot and Toot

At this years Shoot-n-Toot we had 6 different chiles to sample. All

were top quality and the scoring was close. The winner this year was Cam Robison with his Chile creation. Cam wins bragging rights this year as club Chile master chef.

After we all had our fill of chili we had our shooting match. We had two matches one was skilled shooting the other was more luck than skill. The winner of the skilled shoot was once again Cam Robison. In the luck competition the winner was Tony Olszewski.

I wish to thank all of our Chile chefs and hope they all enter again next year! †

Resort. Being my first time there, I was the amateur on this trip. It didn't take long to discover why many in our club return year after year. I found the accommodations very good, the staff and crew to be efficient and good natured and the fishing was pretty good too. Both

Steve and his Halibut

Greg and Steve showed up with their own fishing gear, sporting new salmon and halibut rods.

Greg came out swing'ing on the first day. Apparently all his time spent researching lures is paying off. Although the charters provide their version of a Candlefish Point Wilson Dart (white with a teal green stripe), Greg used his own version with green and yellow stripes and added a stinger hook on the nose. It didn't take long for him to start looking for other cards to fill. Greg picked up a nice 16 pound King that day. Steve and I had our share of fun. We spent the morning fighting off a little sea sickness. By the afternoon we felt better and caught a few salmon too.

Generally speaking, halibut fishing was pretty poor. The whole time we were there and they were small.

That first day those on the front of the boat had better luck than those of us in the back.

The three of us came up empty handed for halibut.

Day two found us on a different boat with a new crew. Fishing was a little slower than the day before, but Greg and I came close to filling our 2 day possession limit by the end of that day. Trying for some bottom fish I was able to catch a nice size Ling Cod on a 8oz leadhead with a white grub. The same setup got me a nice Cabazon too.

Day three was our half day of fishing before heading home. Sadly the fish weren't biting that day for most of us. Steve had some success with a nice salmon and halibut. That halibut was 26lbs and the nicest we saw over our three days of fishing. He caught it with a 1lb chrome banana jig with a green

and glow hootchie.

I also brought in a salmon that day, but only after a little lecture from the bait boy about never giving up. Since the fishing was really slow I decided to take a break and bring in my gear. The bait boy saw this and bet me he could catch a salmon.

Barkley Sound from page 3
So he cast out my rod, striped out some more line and waited for the lure to fall. He then proceeded to work the lure in and within a minute I saw that rod bend over. He looked at me and said "this salmon is yours". I was amazed! Nobody, and I mean nobody, was

catching a thing and he hooks this salmon on demand. Now, I'm not real proud of that catch, but you can bet I marked it on my card.

Our salmon were a mix of Coho, King and Sockeye. Most ranged in size between 3lbs to 6lbs with some notably larger. †
